

Elmet Technologies LLC divests Jevco LLC

Jevco LLC with operations in Chengdu, China and Washington State, USA is now owned by Precision Solutions LLC.

LEWISTON, MAINE – September 4, 2015 — September 4, 2015 — Elmet Technologies LLC, a leading global manufacturer of high performance refractory metal products, recently announced that it has divested all of its interests in Jevco LLC as of September 4, 2015. Jevco Aerospace and all of its subsidiaries were sold to Precision Solutions LLC, a private industrial focused investment group. Elmet Technologies wishes Jevco's team members success in this next chapter of the business and thanks them for their contributions to Elmet and the industry as a whole.

About Elmet Technologies LLC

With a heritage dating to 1929, Elmet is a global supplier of high-performance materials with a specialization in molybdenum and tungsten.
